**AID CHINESE FUND** *One*

**SHATTUCK**, March 25.—With the view of sending local Chinese in raising relief funds for Chinese famine sufferers, a number of Japanese in Seattle today announced over circulars causing upon all Japanese to contribute \$1 for a week in order to swell the fund.

Approximately 10,000 Japanese live in Seattle and vicinity and a circular is being sent to each family. Among the names mentioned on the circulars suggested could be done away with are hair-cuts, fast-foods, dress, warm water for bath and extraneous eating, smoking and drizzling.

A special campaign for women, advertising the use of face powder, fancy hair dress and a number of bangles.

**WILD TRIBE FIFTEEN MILES FROM CALIFORNIA CITY** *One*

**SAN FRANCISCO**, March 25.—Wild men and women are living in California today in a primitive manner as when the first Indians came to the coast of the wind-swept shores of the Pacific. They are within fifteen miles of a modern city, in sight of Harbor and lumber camps in sound of the whistle of the locomotive.

An expedition of University of California anthropologists has discovered indisputable evidence of a distinct Indian nation living in a tract of land between Rockville and Deep Creek in Northern Tehama county.

**SECURED JUDGMENT.** *One*

The Electro Construction Co. secured judgment in the district court Saturday morning for \$141,000 against the construction company. The amount was to be paid to the defendant the Grand Theatre company when it was operating the Grand Theatre on Nassau Avenue. Action was first brought against George Collier, Frank Cook, Wm. T. Flentz, Fred and Bob Morrison, under name of the Edmonton Amusement company, but this was afterward amended through a court order to the name upon which the judgment was rendered.

**DEFEND RECIPROCITY.** *One*

**MONTRÉAL**, March 25.—Wind-surfing Hall was again crowded on Saturday night, and a large and noisy gathering heard Hon. W. S. Fielding and Hon. Sidney Fisher defend the reciprocity agreement. That a considerable number of Chinese were present at the meeting was shown when the Chairman, Lieut.-Col. Mackay, in his opening remarks, said: "The Chinese are here, and they are here to stay." The meeting was well attended.

All that is known here is that five cars, a sleeper, dinner, first-class, tourist and colonist went over the bank. Four of the cars to the west while the sleepers to the east. Strange to say, as known here, none were killed.

### FIVE CARS OVER BANK YET NONE ARE KILLED

PORT WILLIAM, March 26.—Railway men believe absolutely that accidents come in cycles of threes, and there is considerable foundation for such belief. Since Friday last, the C.P.R. had an accident, the third in a row, at No. 94, eastbound, about one a.m. Sunday, near Trudeau, 10 miles west of White River. As usual, the engine and tender were in front, and the coaches, which were bound for the station, were behind. They heard the noise but thought it was made by someone of the crowd who was coming in to take a hand.

That the police must have known that there have been going on in this house in the district the man who was killed, he said, "only the big fat sergeant was standing at the back door, but he was not there when the other sergeant was also at the back door but he was not there when the all the space was taken up by the fellow officer."

Says Whitehouse Admits Guilt.

The police kept silent until the rail and road commission found out what had been done, he said, "but he had to be told, and he did not know anything about it, although it was learned he was there in charge. He advised the reporter to wait until morning. With him he had William Miller and Coleman, who were

engaged before the grand jury.

**Prosecutors Those Responsible.** Many grand juries visited the scene of the accident, and the rail and road commission will be conducted by departments, agents of the district attorney's office. An investigation will be made, and it will be referred to the police.

On Thursday night, a meeting was held at the hotel here for more adequate protection of so-called fire proof buildings. The United Hebrew Charities and the Hebrew Free School, both of which are connected with the Hebrew Congregation, Union Temple, and the Hebrew Free School, held a meeting at the hotel, and the members of that union gave tonight a statement with a long list of factories and buildings which have gone full to capacity.

"What was expected happened," he said, "those who know of the fireproof building in the lobby buildings of New York have a great right to be satisfied with the way things are now."

### The Immigration Of Negroes

The extensive immigration of negroes is causing considerable uneasiness. That it should not be surprising. Whether well-founded or not, we have to face the fact that a great deal of prejudice exists against the colored man and that his presence in large numbers creates problems from which we naturally shrink.

Yet provided the negro immigrant measures up to other requirements, it is manifestly impossible to deny him admission on account of his color. Under the circumstances we can but wish him well in his new home and express the hope that he may so conduct himself that he will live down the unfriendly and distrustful spirit which exists toward him.

If he follows out the ideas set forth for his guidance by Booker Washington and the other leaders who have done so much in stimulating self-respect among the members of his race in recent years, there is every reason to believe that he will become a useful citizen. The gospel which Mr. Washington has preached is simply that of salvation by hard work. The newcomers will find lots of the latter in the districts into which they are going and if they set to it with a will and turn large tracts of wild land into well-cultivated farms, they will prove themselves much more desirable additions to our population than many of those who are now speaking so contemptuously of them and are loafing about the city streets.

### The Threatened Coal Mining Strike

Trouble never seems far away in the coal mining industry of Alberta. Another tie-up is threatened in the mines of the south, the men and the operators being once again in disagreement. According to some despatches the former are contemplating a frame-up of their policy without any reference to the Lemieux act. It is difficult to credit this. The public has rights in the matter which must be paid attention to. An arbitration of existing differences must come eventually and in the interests of all concerned it is better to have this come at the present time than after a long struggle, in which the country as a whole must suffer quite as much as the parties to the controversy. The only coal strike that Alberta wishes to hear of are those of the profectors.

### Not Hurt in The Slightest

The language of Mr. T. C. Robinette, Liberal candidate in Centre Toronto at the last two general elections, in a letter to the Toronto News, is commended to those western farmers who are passing resolutions in support of the government's fiscal policy, to be forwarded to Ottawa for the use of the Liberal organizers. Mr. Robinette wrote:

"I believe that the time is yet far distant when Canada can afford to open her ports free to American manufactured goods."

"The present trade proposals affect only infinitesimally the Canadian manufacturer."

"I am glad to see that the great manufacturers of our country are not crying out and seconding your (The Toronto News) hysterical and nonsensical appeals to passion and prejudice. In a word, the Canadian manufacturer has not been hurt."

Mr. Robinette's opinion of the effect of the changes in the Canadian tariff is obviously correct. So far as Sir Wilfrid is concerned, nothing has been done to relieve the consumer of any tariff burdens. Any change of consequence in trade conditions that may be effected Mr. Taft is responsible for and if he wished to admit our natural products to the United States free of duty, he was under no necessity of consulting the authorities at Ottawa. He did so simply to save his face with a certain portion of the electorate of the United States who had to be deluded into thinking that Canada was giving something in

return for the admission of her goods to the American market.

Why then should western farmers after their master deputations to Ottawa and their loud demands for relief from the forces of privilege which were crushing them to earth now turn around and laud the government for what it has done?

### OTHER'S VIEWS

#### Has Travelled Far

Vancouver World: The Duchess of Connaught, who is coming to Canada, is one of the most travelled members of the royal family, and has, indeed, roughed it bravely before now. In this connection an amusing story is told. When out in Egypt with the duke she had to be carried on one occasion on a sort of improvised Sedan chair, with muskets for the framework and Egyptian porters for bearers. "I hope your men will not be tired," said the duchess pleasantly, to the native officer in command. "Indeed, no, gracious madam," was the prompt reply, "you are no heavier than the gun they are accustomed to carry."

#### Signs of the Times

Calgary Herald: It is announced in England that Sir Wilfrid Laurier, premier of Canada, will move at the next imperial conference for the abrogation of Great Britain's "favored nation" treaties, as far as Canada is concerned. This means that Canada is already commencing to draw aside from the general trade policy with which other portions of the empire are identified. Reciprocity with the United States makes the continuance of such a policy impossible, and therefore the imperial tie must be snapped.

#### Sees Trouble From Orient

Toronto Globe:—Looking abroad upon the world, the rising power of the Oriental races is the greatest menace to prolonged peace. If the nations of Europe and America, however, were to go in together in a pact of peace based on the arbitration of all disputes they could save thousands of millions of dollars every year, restore millions of men who are now in their standing armies to useful occupations, and still more preserve a large enough police force to prevent the Orient from breaking loose.

#### Not Likely to Give Offense

Cleveland Leader:—No nation, however formidable, can afford to be looked upon with doubt and unfriendliness by half the world. It keeps up too high a tension of preparation for war, and it suggests too many ominous possibilities of hostile coalitions. For this reason, if for no other, the Japanese government is likely to be careful not to give offence to any important power if it can be avoided without too great a sacrifice of Japanese plans and ambitions.

#### Does Not Believe Stories

Syracuse Post-Standard:—The Post-Standard has not believed and does not believe that Japanese statesmen meditate war upon the United States. It has not believed that the reports of secret alliances with Mexico or of naval bases there were well founded because the Japanese know full well that to seek to secure a footing upon this continent would inevitably mean war.

#### Jingoes of All Kinds

Hartford Times:—These jingoes of all nations are about the same sort—reckless in their statements (careless of or deliberately disregardful of them) and utterly untrustworthy. Reventlow, the German military anarchist, who wants to see this country involved in a war with Japan, is a good specimen of his tribe.

#### Sheer Nonsense

Chicago Record-Herald:—The truth is that most of the anti-Japanese stuff is sheer nonsense, like the military speculation that is joined with it. Americans disapprove the propaganda in common decency toward a kindly and progressive people and a government that comports itself with notable wisdom and discretion.

#### Australia Also

Hamilton Herald:—Australia's premier intimates that his country also would like reciprocity with the United States—the same sort that Canada is to get. Uncle Sam may yet goad a conceit o' himself if this willingness of other nations to be "dominated" by him extends much further.

### UNCLE WALT The Poet Philosopher

Your friends will come to your humble cot, and sit on the porch with you, and talk of the tariff until they're hot, and help you to smoke and FRIENDS chew. But when you are needing a helping hand to carry a trunk up stairs, your friends will scatter to beat the band, each bent on his own affairs. Your neighbors will lean on the backboard fence, and help you to goast the law, and shoot fiery arrows of eloquence at effigies made of straw. Your friends are thoughtful and kindly men, the salt of this blooming land; but when you are trying to catch a hen, there's no one to lend a hand. Your friends will help you to dance and sing, and eat up your cake and pie, and they'll give advice and perhaps they'll bring some flowers to you when you die. That man should cherish and love his friends the law of this life demands; but he who wins in this world depends alone on his two hands.

## SPRING OPENING

We Shall Be Very Glad Indeed to Welcome You to This Opening Display, Monday, Tuesday, Wednesday, Thursday

### SPRING AND SUMMER STYLES IN GARMENTS MILLINERY, FABRICS AND ACCESSORIES

This is to be purely and solely a showing of the styles—held that you may receive authentic impressions of the present and coming modes. We also want to impress it upon you unmistakably that we shall not allow our pride in our finer merchandise to exclude the things which are practical as well.

Everyday street suits will also be on display—and Lingerie Dresses. Foreign Lace Waists and Tailored Waists will be on exhibition; imported Dress Goods and Silks, new creations in Neckwear and Novelties of all descriptions.

And you may rest assured that if you desire to make purchases, we shall find time to wait upon you carefully and courteously—falling short in no way of what we consider a store's duty to the public it serves.

This Fashion Exhibit is being held for you and we would like to have you consider this a very cordial and personal request to come Monday, Tuesday, Wednesday and Thursday

### New Lingerie and Tailored Waists

Dainty white waists of lingerie lawn and linen. A host of styles to choose from, including those with the new short kimono sleeve and Dutch necks, others with high necks and long sleeves, beautifully trimmed with lace or handsomely embroidered. We can no more than give them general mention. The assortment is so broad. Prices from .....

**1.00 to 5.50**

### Lingerie Gowns and Dresses of Distinctive Charm

Novelty silks, filmy French voiles, over beautiful bordered foulards, the new chiffon marquise, dainty creations in muslin muslins, eyelet embroidery. The last week has been one of surprises even to us. It's easy to see the dresses are adaptions from Paris models, which the fashion magazines have pictured so extensively. Prices from .....

**3.75 to 27.50**

### High-Class Tailor- Made Suits

These stylish suits are distinguished by individuality in material and design. The magnificently-cut, simply-tailored models predominate. Coats range from 24 to 26 inches; skirts continue to be straight cut. There is no style in which a woman or a girl appears to better advantage. Materials are principally English Tweeds, Worsted, Serges and Fancy Weaves, including checks and hair line stripes. Prices range from .....

**16.50 to 40.00**

### Magnificent Showing of Spring Dress Goods

Prominent among the advanced styles for spring wear are the following materials: Shadow stripe suiting, English worsteds, homespun, cheviots and serges, while the leading shades are navy, tan, walnut, emerald and grey mixtures. Additional assortments are arriving daily, making our display the most extensive in the west. We import our dress goods direct from England and France and we buy only from makers of undeniably repute. Prices from .....

**75c to 2.75 yd.**

For street, afternoon, or evening wear.

### New Spring Foulard Dresses Exquisite Styles

The silk foulard dresses are most prominent in this season's modes. Many exclusive models confined strictly to us can now be seen. No two alike and every one of them a model of perfection, embodying the newest style points, some in mottled, dotted stripe and bordered styles, some with Dutch neck and lace collars, others with high neck style have yoke finished with satin bands and headed trimming. The colors are just bewitching. You must see them. Prices range from .....

### Spring Millinery Fashions Are of Unusual Beauty

A new departure, but one we feel that will fill a long-felt want. The services of Miss Scott, an expert milliner, with many years' experience in the largest eastern cities, have been acquired to take charge of this department. It is our intention to make our millinery section the most extensive and up-to-date in Western Canada.

Many exclusive styles have been imported expressly for this occasion. This millinery opening is being held with one idea: of setting forth present and coming styles—completely and authoritatively. We request the pleasure of your presence to this event.

The prevailing fashions of the approaching season have been inspired by the period of the First Empire (from 1810 to 1815).

A striking feature of the adornment of smart spring millinery being the combination of fruits and flowers. The leading colors of the season will be Charles X (the new red), China pink, billiard green, bleu de rosi, Corea brown, cerise, blonde and sapphire.

**NORTHERN CROWN  
MARKET FEATURE**

Was in Considerable Demand in Saturday's Trading—May Wheat and Oats Down

WINNIPEG, March 25.—Wheat values were again under selling pressure. Cables from London and even through bulls let many items in the situation. The local market was still moderate, but lower prices and local May sold down to 91 1/2 from the close of 92 yesterday. Trade was moderate, with fair activity for the time, and the market and eastern points for the opening of navigation.

There is an under-current of feeling that the situation is getting clearer and that early in April the market will in the main make it a dangerous proposition to follow the shore much farther, until the winter crop is assured and securing completed over the spring wheat belt.

Oats acted dull early, later closing unchanged.

Barley value closed unchanged, and is now held in the States and here from 5 to 8 cents.

Minneapolis market open practically unchanged. The situation is sharp two-fold. On one hand, all grain is up, and opposed we have the great need of rail in the principal grain raising sections. Prices probably will not hold out long, the weather having held out hope. The weather is the chief factor now. The man who can guess the weather needs no help in guessing the market.

On Saturday evening about six o'clock a horse belonging to Mr. Turner, superintendent of waterworks, ran away.

The animal made its escape on Elbow street east, and Mr. Turner apparently had no control over him. After turning the corner at the Strathcona Hotel, the horse ran into the side of a building, causing a hole in the roof and a large amount of damage.

Oh! You Power City!

# Medicine Hat

We challenge the world to produce cheaper power than can be produced at Medicine Hat. Gas to manufacturers at 5 cts. per 1'000 cubic feet has brought these industries already to "The Hat"--\$250,000 Clay Products Plant, \$180,000 Iron Rolling Mill, \$100,000 Foundry, \$100,000 Brick Plant, \$50,000 Car Spring Plant, \$150,000 Electric Power Plant for the City. And these are coming:

"Medicine Hat, Alta., Feb. 28 — Following the announcement that the Lucky Jim Smelting Works would locate here, Mayor Milne states that deals have been closed whereby a Wire Nail Factory, a Glass Works, an Artificial Stone and Marble Industry and Foundry and Machine Shop will all locate this spring in Medicine Hat. Sites have already been selected for the Alberta Linseed Oil Mill."

Telephone us for lots in KENSINGTON, 2 blocks from the mile circle. \$150 inside lots, corners \$175, on terms. We sold 100 lots last week in this city, and have 40 choice lots left.

## We Have Sold **Two-Thirds of "Delton"**

since the 1st of March, and the remaining Third MUST BE SOLD  
by March 31st

Do you realize that this is absolutely your last chance to buy property within the city limits of Edmonton at anything like the prices quoted? We challenge comparison with any other property in Edmonton and know that if you will give the matter careful consideration "Delton" will be your choice for an investment.

**125% Profit**

on the cash payment has been made by an Edmonton business man who bought "Delton" on March 1. Some of the best lots are still unsold and you can make the same margin of profit, but you must act quickly.

**You Cannot get over These Facts**

"DELTON" is within the City Limits; is only five blocks from street car, water, sewer and electric light; adjoins the G. T. P. Property; two-thirds of the property already sold; prices \$50 to \$100 cheaper than anything on the market; G. T. P. main line crosses Delton, affording trackage for future warehouses, elevators, and manufacturing sites.

**Prices \$200 and \$225. Terms \$50 cash, Balance 6, 12 and 18 months**

ENTHUSIASM GROWS  
FOR JUNE PAGEANT

Committee of General Management Is Appointed and Another Meeting Will be Held

Chairman Edwards of the committee named by the coronation enthusiasts to make preliminary arrangements for the festivities in this city in June called a meeting of his committee in the city hall last Wednesday to discuss plans for initial steps.

After some discussion, a committee of general management, to be known subsequently to other names, was selected.

The names of the committee chosen will be submitted at the next meeting of those supporting the coronation celebration.

John McGuire, Sam Smith, P. Lessard, C. W. Chapman, A. C. Fraser, Edward Clegg, Charles Babson, T. H. Wilson, J. J. Kennedy, H. Miller, Martin, W. H. McLean, J. J. Marshall, Dan O'Farrell, R. M. McGowan, J. J. Anderson, R. J. Manser, Secretary Clerk of the trade and labor council, T. M. Turnbull, R. C. Watson, J. B. Binkley, Thomas Lyle, J. Joseph Morris, Charles May, Evelyn Lee, J. H. Howie, dean of the press John Macleod and T. T. Fisher.

Honorary members, Mayor Armstrong, Mr. Barron, Dr. McGehee, Major Jamie and Capt. Edwards.

The scope of the celebration will be larger than at first intended. As it is gradually becoming known that it will be under the auspices of the participants, there is widespread interest manifested itself throughout the city. Associations are generously contributing their aid and many who did not attend the first meeting held in the city hall last Wednesday will do so this Wednesday.

Ready-made clothiers would have you believe that "Semi-ready" is only a new way of making ready-made clothes, and that theirs are "just as good." But Semi-ready is tailoring—it's not factory-made, not ready-made, but it is specialized tailoring on a perfect physique type system.

## SIX THOUSAND TRAINED JAPS

So Says War Correspondent, Convinced that There is Real Menace to United States

PORLTAND, March 25.—"I was told recently by officers high in the navy that the Japanese government has been for some months that there is a force of 6000 trained Japanese in Oregon, Washington and California, all with rifles and ammunition," said Bert McHugh, famous war correspondent, who is here from San Francisco. "They are here to continue, 'Japan and the United States will be involved in war and the time is not so far distant as many imagine.' I have been making a careful study of the situation and can assure that the Japanese now here working as laborers and servants are ready at a moment's notice to take up arms. Their first act will be to blow up the Panama Canal, the Pacific coast and the east, thus cutting off all communication by rail. Then, with the fleet of 200 merchant vessels and men of war that Japan has collected, she will sweep the sea so that 200,000 men here within 30 days. There are 10,000 Japanese in Seattle alone and this force could easily take the Puget Sound."

But instead that Japan would start trouble by insisting that the Panama canal should remain unfortified.

### Carolina White Stops Panic with Song as She Puts Out Fire on Stage

PHILADELPHIA, March 21.—Carolina White, the American prima donna of the Philadelphia Negro Opera company, night though her personal heroism, prevented a panic at the Metropolitan Opera house here and extinguished a fire upon the stage which she had inadvertently started. Through it all, she sang as she can, and 2000 Negro men, cheering every second and preparing to make a

mad rush for the exits, she continued her singing, although her hands were being blistered by the flames.

The accident occurred while Miss White was singing the rôle of Suzuki in Wolf-Ferrari's opera. In the first act the prima donna strikes a match apparently for the purpose of lighting a kerosene lamp, but she strikes the match too light, a slight spark hits the gas pipe with which the stage chimney was decorated, against the flames and in a moment the chimney was ablaze. With her hands burning, Miss White stood by while Miss White attacked the flames, singing at the same time. She grasped the tongs paper, and after about a minute extinguished the flames. Then she calmed it turned to the audience, threw the charred paper upon the stage floor and confided her part as if she had done nothing unusual.

Miss White was cheered to the echo by the audience, who demanded curtain call after curtain call.

### A FOOD STORY

#### Makes a Woman of 70 "One in 10,000."

The widow of one of Ohio's most distinguished newspaper editors and a famous leader in politics in his day, says she is 70 years old and "a strolger woman than you will find in ten thousand," and she adds that she is in excellent condition to the use of Grape-Nuts:

"Many years ago I had a terrible fall which permanently injured my stomach.

For years I lived on a preparation of turnips and onions, which was a real repast to me that I had to give it up. Then I tried, one after another, a dozen different kinds of cereals, but the poor digestion gave me great trouble.

"It was not until I began to use Grape-Nuts food three years ago that I found relief. It has proved, with the dear Lord's blessing, a great boon to me. It has given me health and vigor such as I never expected to again enjoy, and in gratitude I never fail to sound its praises."—Name given by Postum Co., Battle Creek, Mich.

"There's a Reason."

Look for it in the little book, "The Road to Wellville," to be found in phgs. Ever read the above letter? A new one appears from time to time. They are genuine, true old full of human interest.

**CANNOT FIND  
BANK PRESIDENT**

PORTLAND, March 25.—For the purpose of securing an indictment against P. J. Meyers, president of the First Monte Scott bank, District Attorney Cameron said today that he was preparing evidence to place before the jury to back a charge that Meyers accepted deposits knowing the bank to be insolvent. The grand jury before the session adjourned.

The deposits are said to have been made a day before Bank Examiner W. H. Dean received the information.

The charge against Meyers in connection with the Italian-American bank will also be placed before the grand jury for trial according to Cameron.

Directives which have been searching for Meyers with a warrant for his arrest since last Thursday have found no trace of him.

There is little doubt in my mind but that Meyers is in hiding in Portland," said Prosecutor Cameron.

RURAL MINISTERS HELD TO BLAME

DECATUR, Ill., March 25.—(Special.)—Rural ministers of the gospel today are charged with "being responsible for most of the social reforms and the creation of backwashings in farming communities."

The charge was made by Dean J. H. Skinner of Purdue University, while speaking before the Inter-church conference in session in Springfield today.

In addition, Dean Skinner argued:

"Country preachers should go to college and learn agriculture. While farmers and the rest of the world has 'improved,' preaching has remained of the same quality."

RED COAT MARRIED

LLOYDMINSTER, Mar. 25.—(Special)—The big Alberta church at Lethbridge was crowded last night with farmers, citizens and officers and men of the R.N.W.M.P., to witness the marriage of Corporal Arthur N. Nicholson, of the Athabasca detachment, to Mrs. Marion of Lethbridge. The secret coast riders of the plains turned up in force from Lethbridge, Warner and Union Lake to wish the happy couple a long voyage on the path of matrimony.

Mrs. Bowen is the daughter of Mr. C. A. J. Bowen, one of the early adventurers who formed that band of workers in the wilderness known as the Barlow Colony.

Mr. and Mrs. Nicholson left for Edmonton.

**Instant Relief  
for Sore Feet**

Sore Feet, Tender Feet and Swollen Feet Cured Every Time.  
TIZ Makes Sore Feet Well  
No Matter What Ails  
Them.

Policemen all over the world use TIZ. Policemen say that their feet all day, and know what sore, tender, swollen feet really mean. They use TIZ because TIZ cures their feet right up. It keeps feet in perfect condition, and makes them feel well again. I was surprised and delighted to find TIZ for tender feet. I hardly know how to thank you enough for it. It's superior to powder and plasters. I can keep my feet in perfect condition. Believe me, my earnest gratitude for TIZ. I am a policeman and keep on my feet all day!" —Enzy Harrel, Austin, Texas.

You'll never limp again or draw up your leg in pain and you'll forget about your corns, bunions and callouses. You'll feel like a new person.

TIZ is sold by Dr. Luther Lethbridge & Co., Chicago, Ill., and is for sale at all drugstores at 25 cents per box.

TRAINMEN KILLED  
IN C.P.R. WRECK  
NEAR SCHRIEBER

SCHRIEBER, Ont., March 25.—F. E. Kimball, a trainman, was killed, a conductor is missing, and it is reported that two more are dead as a result of a collision between a C.P.R. freight train and a car today. The westbound train consisted mostly of empty passenger coaches, and these are piled up in bad shape. The car was loaded with passengers' effects. The wreckage caught fire. It is the conductor of the westbound who is missing.

LAST TRAIN KILLED IN THE Schriever wreck. Killed F. E. Kimball, brakeman. Missing and probably dead: Bergens, Bremer; G. M. Bank, train porter on eastbound train; Indiana Hill, Ind., engineer; Mac. Christy, fireman; Andrew Kelly, engineer. There may be more.

A special train with the injured will run here this afternoon. Owing to the accident and the subsequent fire, wires are down east of Schriever, a communication is temporarily cut off with eastern Canada.

LARGE REAL ESTATE DEAL

George M. MacLaren, who has recently returned from a vacation Saturday morning, has a large property known as "MacLaren's," which adjoins on the west side the Exhibition Park. It is not known what price was paid, but it is understood that the price is of \$100,000.

MacLaren is placing his property on the market at once. The deal was put through by Lane and Scarth.

VESSEL IS BURNING  
OF CALIFORNIA SHORE

EUREKA, Cal., March 25.—Government wireless station at Table Bluff suffered a severe fire this morning, but lost four in all off that place. The steamers Argyle and Rose City have left here to go to her assistance. A dandy fog hangs over the water, though much of the fire can be seen off shore. Life saving crew from here has gone in a power boat in an effort to reach the burning vessel. The tug Relief is also trying to go to the rescue. Numerous sea buoys are floating over the bar and it is doubtful whether the tug can cross it.

AMERICAN NEWSPAPER MEN  
TO HOMESTEAD IN ALBERTA

Weary of the hustle, the bustle and the turmoil of a big city, two Chicago newspaper men are moving to Edmonton in quest of sooth. They are Meers, W. H. Wilcox and F. H. Morris, and are staying at the St. James hotel. The two men are in the newspaper field. Morris was looking over the map in the immigration office during the afternoon. He expected to be very anxious to get a piece of land in Alberta saying that they had been offered a choice piece of land which were many deacons of getting here than in Manitoba or Saskatchewan.

THREATENS SUIT AGAINST CITY,

Solomon P. D. Myers wrote a letter to the city commissioners Saturday on behalf of the Edmonton Standard Coal Co., Ltd., demanding payment of \$100,000.00, which is the amount of the tax on the property of the city to be levied on a lease taken on coal lands on river lot 25, in the Edmonton district.

The lease was originally issued to J. Kirkness and John Cameron, and they are now the real company for whom Mr. Myers now acts.

The lease will expire shortly, but un-

der its terms the parties who originally took it out had the option of renewal, it is this covenant of renewability that Mr. Myers is threatening to invoke. He threatens to bring an action to compel specific performance. The lease was originally made out in September 1905.

### Description

QUEEN MARY PARK lies high and dry from end to end. It is beautifully level, partially treed and desirable in every way.

IT ADJOINS CALDER (West Edmonton) and is the last of the properties round the G.T.P. yards to be placed at the disposal of the public.

THERE ARE NO OTHERS LEFT so close to this point at which a large army of men will be employed.

THE BEST STRATEGIC POINT at which to invest liberally is the point where others also want property. Thousands must have homes here in the near future or walk a long distance to their work

### Prices From \$125 Up

### Terms

### FAINT TAPPINGS OF LOST MINER HEARD

COLUMBUS, Feb. 25.—Faint tappings at intervals of about a minute let Frank Gibby, state mine inspector, and a party of rescuers to engage in an all-night search last night for Tom Cheek, a miner who has been missing since the explosion at the Standard night in the Southwest company's shaft No. 16, twelve miles northwest of here, in which four men were killed.

The main shaft of the mine had been thoroughly gone over and tonight's search was through the numerous side entries. It is believed the tapping were signals from Cheek, who was lost in the dark, etc.

### TO FIGHT CONNER BILL

OTTAWA, March 21.—The Conner bill respecting the Ontario and Minnesota Power company got through the private bills committee today after another strenuous struggle, in an unamended state. It will be strenuously fought when it is taken back to committee next week, it is stated on behalf of the opponents of the measure.

### WAITING FOR THE "SAUVE QUI PEUT"

Indictments Held Up in Hope that  
Some of Looted Officers Will Squeal

NEW YORK, March 25.—In the hope that some of the officers of the Carnegie Trust company will "squeal" as the way in which that institution was looted, the indictments returned by the grand jury were suspended today, it being held off in the assembly because of its chance for being buried in the final two hours of the session. This measure was passed 29 to 3 in the final two hours of the session. The grand juries, however, which were adverse to anti-dishonest legislation at this time are working to have the bill choked off in the assembly.

William J. Conner, who was indicted yesterday for his participation in the alleged frauds, today still asserts his innocence and proposes to seek a court order for the inspection of the grand jury minutes when his case will be heard.

The reason for the holding of the indictments voted, it is said that the grand jury, trying to learn how the officials of the Carnegie Trust company, the Washington Savings Bank and the Northern Bank of New York always knew in advance when the bank examiners intended to make these institutions a target.

It is believed that when the cases come to trial District Attorney Whitman will make great use of the recent charges of Joseph Hoban, counsel presented by the Northern bank, and that big financials may be drawn into the matter.

On the other hand, the committee was marked by references of peace with Japan and the growing number of Japanese farms in California.

Harem Skirt Having Vanished as Maker of Publicity, Star Woman Leaves Canada

Having recovered from the advent of the latest skirt you are already for another shock?

The reason is that everybody right hand is raised, go back to your seats and listen.

Two young women dressed in black velvet stepped from a dark street in Toronto, Saturday afternoon, carrying black cases with crooked handles.

The men followed, pushing the side door of a hotel before them, having the side door open.

Men laughed when they beheld the young women; then, getting interested, the men followed, pushing the side door open again.

When the women entered a room, a maid found her in the middle of a department store.

BERLIN, Ont., March 24.—Archibald McLaughlin, sentenced at Paris on Wednesday, to one year in the central prison for larceny, was tried yesterday before Justice McNaughton on a charge of forgery.

It is alleged that McNaughton forced the name of John Duffy and secured \$100 from the Bank of Hamilton, with a cheque given him by one Mr. J. M. Schmitz, under the pretence that he was Duffy.

### U. S. SOIL OWNED BY MANY ALIENS

California's Legislature Attempts to Solve Problem Which  
Yearly Grows

SACRAMENTO, Calif., March 25.—Although the state senate has passed the federal committee's substitute for several anti-landlord ownership measures, local landowners returned to the hill with full faith in passing the measure because of its chance for being buried in the final two hours of the session. This measure was passed 29 to 3 in the final two hours of the session. The grand juries, however, which were adverse to anti-dishonest legislation at this time are working to have the bill choked off in the assembly.
